Greetings

The Taylor Gardens are sincere when they express thanks for the many letters and generous purchases that it has received during the past season. Deeply appreciated also were those who wrote stating the success they have had with bulbs grown by us. This year our bulbs are sure to be as dependable to you new purchasers as they have been to those who have bought from us in previous years.

All our bulbs are grown on upland sandy soil. This being the ideal type for the Glads.

This we guarantee: Our bulbs are guaranteed to be as they are advertised. True to name, free from all disease and insect pests.

Terms: Either cash with order or twenty-five percent, the rest C. O. D. We accept no orders for less than \$1.00. All retail orders will be sent prepaid. Discounts - 5% on all orders from \$3 to \$5, 10% on all orders from \$5 to \$10. Remember we have a name for generosity in over counts. If out of size wanted we will ship next size giving equal or better value. Important also is the fact that we are growers, not jobbers. No bulbs are bought by us to resell.

We strive to - and observe the fact the making of new friends and new customers is very essential to our business.

Sincerely yours,

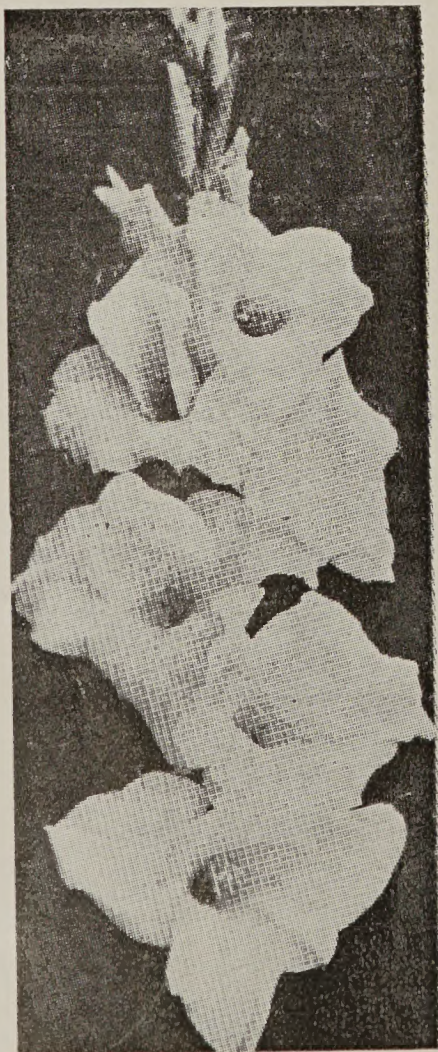

Taylor Gardens

Ulysses N. Taylor
